How to order a blazer

- Email smrcevents0@gmail.com (that's a zero) & confirm which design you want – Classic or Henley.
- Details on the deposit, payment method (Revolut) & sizing chart will be emailed to you.
- Sizing chart info can be sent via email. Sizing must be in CMs and not Inches. Designs are available for Male & Female.
- The club are not responsible for any sizing errors/issues.
- Info – the supplier is Club Colours if you want to check them out. www.clubcolours.co.uk
- Cut off for order is **Sunday, August 27th** as the order is being placed on Monday, August 28th.
- Final costs per person will be provided on Sunday, August 27th once final numbers are known.
- Note - we are aiming to have the delivery made to Northern Ireland to reduce the delivery charge.

How to order a Boating Blazer for Men and Women

- Measurements of chest, bust, waist seat, and hip should be taken over the top of a shirt or blouse.
- Do not pull the tape measure too tight, let it feel comfortable on you.
- Blazer length, sleeve length, shoulders and ½ back measurements should be taken over an existing comfortable jacket or blazer.

• All measurements can be given in inches or centimetres.

• All measurements are the responsibility of the customer.

HEIGHT

1. CHEST/BUST

Place the tape measure over the protruding point of your shoulders; bring it up under your armpits and around over the fullest part of the chest/bust so that the tape meets again at the front of your chest.

2. WAIST

Place the tape around your waist please note this measurement is not the top of your trousers but must be your true waist which is the fullest part of your stomach. For ladies please measure around your waistline.

3 SEAT & HIPS

This measurement should be taken around the widest part of the hips ensuring that the tape measurement is over the most protruding part of the seat.

4 LENGTH

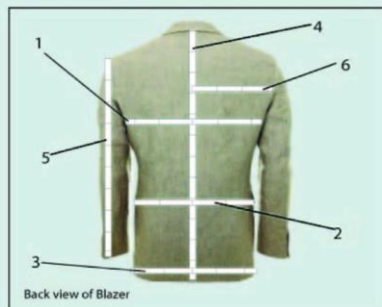

This is taken from the bottom of the collar down the centre back of the blazer to the desired length.

5 SLEEVE'S

Hold arm out straight, place tape at the top of the sleeve taking it down to the outside of the arm to read off the length of the sleeve.

6 1/2 BACK

Put tape measure at the centre of the back, between the shoulders and take it out to the armhole.

Back view of Blazer

Save on printing – just send us an email with each of the measurements in cms along with the design type (Classic or Henley)
